## SKILLS

- Java
- Springboot
- Git
- MySQL
- HTML/CSS
- Reactjs
- MongoDB
- AWS

## PROJECTS

### Payroll Management System

Java Spring Boot *May 2023*

- Designed and developed a robust application using Java Spring Boot and MySQL, supporting full-time and part-time employees with hourly wage calculations.
- Implemented RestControllers, Entities, Services, and Repositories. Designed RESTful APIs for payroll processing, leveraging Spring Data JPA for efficient database management
- Performed CRUD operations, and used Postman for API testing.

### Personal Portfolio

React.js *Jul 2023*

- My personal portfolio project, built using React.js , Node.js, and Express.js showcasing some of my GitHub projects, resume and technical skills.
- Multi-page routing with React router, responsive design using media queries, React-Bootstrap and CSS3 for styling, ensuring responsiveness. Deployed on Vercell.

## EDUCATION

### Master in Computer Science

MIT World Peace University *May 2023 - Jul 2025*

7.4 CGPA

### Bachelor of Computer Science

Pune University *May 2019 - Jun 2023*

8.5 CGPA

## CERTIFICATIONS

### Fundamentals Of Java

EdX

### Networking Essentials

Cisco

### Unlocking the Power of JavaScript
